Dear Sir -

I just bought your hard-back "Frame-up", and in the fly leaf I see that you wrote several other books besides "Whitewash" and "Whitewash II" which I already have. I find them all very informative and absorbing.

How can I get copies of the other books you have written?

Very truly yours,

P.S. What is your present thought on the JFK assasination — and do you now think it will be ever truly explained?
